

**Position:** Web Developer

**Job Status:** Internship, Full-time

**Description:** Many web developers talk about wanting a job that offers them a challenge. If you're one of those developers and you really mean it, let's talk. We'll offer you a 100% guarantee you'll come to work every day and be challenged. You'll learn more in one year with Merit, then you will learn in 5 years in corporate America.

Are you looking to use different technology platforms? Check. Do you want to integrate new and exciting software and applications for e-commerce, mobile, social engagement and more? Check. Are you hoping to work on a variety of projects? Check. Are you starving for an environment with people who work as a team and can help you grow? Check.

And you'll get to do it for some of the best clients like TE, Kellogg, Hershey, Mike and Ike, Marshmallow Peeps, Hot Tamales, Stauffer's Animal Crackers, and more. Our client roster is constantly growing and presenting even more exciting opportunities.

Learning opportunities we offer:

- Application languages including PHP, ColdFusion & C#/VB.NET
- Magento e-Commerce
- Wordpress
- Drupal
